Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions, which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 2 and 6-8, drawn to a compound with formula (Ia) and the method of making said compound, as recited; and a pharmaceutical composition comprising a compound of formula (Ia), pharmaceutically acceptable carriers or diluents, or anti-infective agents.

Group II, claim(s) 4 drawn to a method for treatment of a human or animal with an autoimmune disorder or an inflammatory condition, where said disorders are recited, therein.

As per the telephone interview with Ms. Hsu, *Esq.*, Applicants are electing Group I (claims 2 and 7) with traverse, thus reserving the right to pursue the other invention of this application at a later date. Attorney agreed to the cancellation of claim 4, as drawn to non-elected invention.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Grace Hsu, Esq. on 4/17/07.

The application has been amended as follows:
